

Approved MEMORANDUM 2003/03/25 : CIA-RDP59-00882R000100080007-3

Attached is the draft agreement between Immigration and ourselves for the entry of aliens, as requested by General Swing. It has been coordinated here and is satisfactory. It is being considered in this form by General Swing. Our original proposal was shorter and simpler, and the additions have been inserted by Immigration.
